

Photographers

How do I subscribe to my schedule calendar on my device?

You can subscribe to your schedule on your device(s). Not sure how? [Click here](#) and add your device or calendar program name to the search and update.

Use this URL to add your subscribed calendar:

<https://photographers.d3photography.com/calendars/ical.php?user=USERID>

Your USERID appears in your weekly email at the end of the email.

This is the same calendar that the admins have for tracking your games. It will show you team rankings and will also identify games that you have been hired for (if there are any).

Questions or issues adding the feed? Email Ryan at support@d3photography.com and include as much detail as possible (screenshots, program names, etc.).

Unique solution ID: #1009
